Notice Concerning Copyright Restrictions

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies and other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish reproductions. One of these specified conditions is that the photocopy or reproduction is not to be used "for any purpose other than private study, scholarship or research." If a user makes a request for, or later uses, a reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement. This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would involve violation of copyright law.
